The Professional Choice

McHale+ Netwrap | 4500 m | 3600 m | 2800 m

A unique, new generation, high-strength netwrap

McHale with the new “+” technology reaches unparalleled consistence and reliability. By combining raw materials with unique manufacturing processes, Mchale + nets are longer and stronger while keeping a reasonable roll weight. Mchale Netwraps “+” are approved and validated by Mchale, on all crops and in all pressing conditions. Minimum length is guaranteed and the net’s resistance is perfectly adapted to the press, checked by the uncompromising Tama quality control.

SAVES YOU:

LOWERS YOUR COST PER BALE

Do your own calculation:

$$\frac{\text{Price per roll}}{\text{No. of bales per roll}} = \text{Cost per bale}$$

BALE+ technology logo and the Zebra striping design are trade marks of Tama Plastic Industry

TAMA ZEBRA NET BENEFITS:

- Zebra® System** — Simplify roll loading and bale handling with easy to see asymmetrical zebra-stripping
- Roll End Warning** — Avoid wasteful hold-ups by seeing when the roll is reaching its end, with red warning stripe in last 70m of net
- Handles** — For ease of handling and greater safety, each roll is fitted with easy-removable handles
- Service in the field and Technical support** — Bale with confidence. Each roll of Mchale Edge to Edge is fully guaranteed and backed by full trouble-shooting product support

BALE+ TECHNOLOGY:

Bale+ combines a special mix of advanced raw material with a unique manufacturing technology. Only Tama can provide this unique combination of:

- ROLL LENGTH** — for maximum baler utilisation (4500 m) 50% longer than standard 3000m net rolls.
- NET STRENGTH** — Bale+ allows the same high-strength netwrap for a lighter weight raw material.
- ROLL WEIGHT** — the ONLY netwrap able to achieve both length and strength within a workable roll weight.
- ROLL CONSISTENCY** — 2 rolls of Mchale 4,500m can provide enough net to bale all day long.
