- Left-Right indicator – Easy loading of the roll and feeding of the bale
- Red End Warning – Marks the approaching end of the roll
- Guaranteed Length
- Carry Handles – Easier and safer handling
- Unique ID Number – Enables tracing of full production details

Kubota netwrap with Bale+ Technology The next generation of the zebra package

Bale+ is the result of combining a unique manufacturing technology with a special mix of advanced material. Only this technology can provide an unique combination of:

ROLL LENGTH - for maximum baler utilization. 2 rolls can provide enough net to bale all day long.

NET STRENGTH - minimum strength >270kgf for maximum performance

ROLL WEIGHT - the **ONLY** technology able to achieve both length and strength within a workable roll weight.

ROLL CONSISTENCY - high performance baling, day after day, in every round baler and all crops.

Product Info:

| Name | Roll Length | Width | Roll Diameter | Roll / Pallet |
|-----------------|-------------|--------|---------------|---------------|
| Kubota Netwrap+ | 4500 m | 123 cm | 29 cm | 28 |
